Pilgrims Lane Hampstead Village NW3

Pilgrims Lane is regarded as one of the most popular and desirable roads in Hampstead Village, located between the Village and the huge open spaces of Hampstead Heath and this is where you can find this beautifully re-modelled, mid-terrace, late Victorian house with the internal accommodation arranged over four floors.

The present owners took the house back to bare bricks when they bought it nearly ten years ago and carried out a detailed, thoughtful and comprehensive refurbishment using the best quality materials and finishes, ultimately creating a property which offers an excellent balance between bedroom and living space.

The garden level offers a dining room with a custom made glazed and temperature controlled fitted wine cooler. This room leads through to the kitchen with breakfast area and TV snug which also provides access to the pretty and secluded walled rear garden.

The raised ground floor provides a bright and spacious through reception as well as a guest WC. The half landing leading up to the first floor offers a comprehensively kitted out utility room and the first floor itself is given exclusively to the principal suite of bedroom, dressing area and en-suite bathroom. The half landing leading up to the second floor offers a family bathroom and the second floor provides two further double bedrooms.

The many shops, cafes and restaurants on Hampstead High Street/Roslyn Hill are at the end of the road and the underground station (Northern Line) is within a short walk.
