General

Brandon is a small West Suffolk town situated in the heart of the Breckland and the Thetford pine forest.

It has a range of shops catering for most day-to-day needs; churches; schools and other facilities including a modern sports complex.

Brandon railway station is on the Norwich-Ely line; from Ely connections can be made to services to London, the Midlands and the North.

The larger town of Thetford is only six miles away with a sports centre with an indoor swimming and leisure pool complex and a range of other sporting and social clubs and amenities

SITUATION AND LOCATION

This established detached two bedroom bungalow forms part of a popular development lying on the eastern side of the market town of Brandon and occupies a good sized garden plot with a driveway and useful garage/workshop. The bungalow has been substantially improved and refurbished by the present owners and now benefits from comfortable well presented accommodation throughout with modern contemporary fixtures and fittings. Since purchasing the property the vendors have rewired the bungalow and installed a new gas fired central heating system with a combi boiler located in the loft. The kitchen has been re-modelled and fitted with a new range of contemporary cabinets including a range of integrated appliances. The windows are Upvc double glazed and there is a shower room with walk-in shower area.

The property has been tastefully decorated throughout and the vendors have also made a number of aesthetic improvements including flat plastered Regency style ceilings with recessed lighting; some paneling to the walls and ornate covers fitted over the radiators. Whilst there is scope to further improve the exterior garden area, the garden enjoys a sunny southerly aspect and has a driveway providing good parking as well as an old garage building which offers useful storage or potential space to upgrade or replace. The sale of this property offers purchasers an excellent opportunity to purchase a comfortable bungalow in the town with easy access to the surrounding countryside and early viewings are recommended.
