A individual architecturally designed detached four bedroom bungalow enjoying a non estate position in this popular west Norfolk hamlet. The bungalow offers spacious and versatile accommodation including a lovely open plan kitchen/dining area with vaulted ceiling. Energy efficient features include an Air Source Heat Pump and Upvc double glazing. Viewings are recommended.

This unique architecturally designed and supervised detached bungalow residence occupies a non estate position and is located in the small west Norfolk hamlet of Brookville. Set slightly back from Main Road, this spacious home was built by the present owner for her own occupation and was completed in 2022. Built with the benefit of a 6 year Professional Consultants Certificate (warranty), this spacious home offers comfortable well designed and versatile accommodation throughout including four bedrooms, a Jack 'n' Jill en suite bathroom, family shower room and separate cloakroom. The spacious lounge has a fireplace (currently not in use) as well as French doors onto the rear garden and the large open plan kitchen/dining area with vaulted ceiling is an outstanding light and airy room with contemporary cabinets, breakfast bar and French doors onto the enclosed front terrace, as well as a walk-in pantry and utility off. Built with Energy Efficiency in mind, the bungalow has an EPC rating of B, has Upvc sealed unit double glazing throughout and an Air Source Heat Pump with underfloor zoned heating throughout.

Due to a recent change in circumstances and the decision by the owner to now sell the property, she has not had the opportunity to finish landscaping the gardens, although a patio has been laid to the front and rear, the front patio being enclosed and she is in the process of fencing the exposed boundaries.

The sale of this property represents a unique opportunity to those buyers seeking an individual modern home in a village location and viewings are recommended.
