A prime location and a rare occurrence, this bungalow offers an exciting opportunity for people wanting this style of property. Additionally, these properties have been designed to future proof energy usage with the installation of air source heat pumps, underfloor heating and solar panels with no gas involved. Indications from suppliers are that these properties will cost around £28 a week to run. A great opportunity to get on board and reserve your ideal home immediately. Plot 2 is a three bedroom semi detached bungalow providing spacious accommodation and with fittings to the purchasers choice.

- Energy-efficient lighting, reducing electricity consumption while providing a warm and inviting ambience.

- The kitchen is equipped with Energy Star-rated appliances where included

- High-performance insulation, energy efficient double-glazed windows and underfloor heating throughout maintain a comfortable indoor temperature year-round, reducing the need for excessive heating or cooling. No gas on site so no gas bills. The properties have air source heat pumps feeding high efficiency underfloor heating and with 8 solar panels per property feeding the hot water.

- Semi Detached bungalow in sought after location
- Energy efficient and future proofed heating costs
- Hall
- Lounge
- Dining kitchen with fitted oven and hob
- Two good size bedrooms
- House Bathroom
- Gardens and garage
- EPC Grade to follow
