Cambridge Road, Southport
Offers in the Region Of £299,950

Arnold & Phillips are pleased to bring to market an exciting opportunity to acquire this four-bedroom semi-detached Victorian property, residing within the heart of Churchtown Village in Southport.

Conveniently positioned this versatile property enjoys all of the local amenities and independent retailers within comfortable walking distance. With Botanic Gardens positioned over the road, several highly regarded primary and secondary schools nearby and excellent transport and commuter links, this property would be ideal for working professionals and families alike.

Approached via a private driveway which provides off road parking for multiple vehicles, access is granted via the main front entrance porch, with one received into a brightly lit front entrance hallway. The front of the property enjoys a bay-fronted living room, whilst an equally well-proportioned dining room adjoins to the rear. The ground floor accommodation is completed with a fitted wooden kitchen.

The second floor enjoys four well-proportioned family bedrooms, three of which are double in size and all enjoy a pleasant outlook over the surrounding area, with the main bedroom further benefiting from en-suite bathroom facilities. The property is served well by a fully tiled traditional family bathroom which provides bath with overhead shower, WC and wash hand basin.

Externally the rear garden is private in nature and is not directly overlooked, enjoying a centrally turfed lawn which is bordered by a red brick wall to all sides. A timber decking area drops down to a rear flagged patio terrace which extends around the exterior of the property and provides an ideal place in which to entertain. This space provides further potential to extend, subject to the necessary planning permissions. Whilst the property would benefit from a course of cosmetic modernisation, a generous 1,348 square feet of living accommodation is provided, with the property further enjoying gas central heating and double glazing throughout. Internal inspection is highly advised to fully appreciate the true scope of potential available within.
