A stunning link detached family home tucked away on a quiet cul-de-sac in one of Suttons most sought after modern developments, Belmont Heights. Spacious and stylish from top to bottom allowing the lucky new owners to move straight in.

The ground floor flows seamlessly from a spacious living room to a thoughtfully extended garden room and through to a modern kitchen with a separate utility. The trendy landscaped garden is south facing and perfect for a chill out or entertaining family and friends.

Spoilt for bedrooms, you'll find four of them on the first floor, one with an en-suite and a family bathroom serving the other three rooms. The master bedroom situated on the second floor has a sophisticated design with 'his and hers' walk in wardrobes, a 'Juliet balcony' and en-suite.
