Situated in the prestigious Blue Triangle area of Fleet, Wychwood Cottage is believed to date back to early 1700s, and was originally built as a woodman's cottage, forming part of the original Calthorpe Estate.

The property was extended in 1912 and renovated late 1990s, having been restored to retain many original features and the charm of the original property. This impressive home now offers in excess of 4400 sq ft of accommodation (excluding garage).

Wychwood Cottage is discreetly set back from the road and reached via a long gravel driveway which sweeps around a central Beech tree, leading to a separate double garage. There is plenty of space for parking, making it ideal for families.

Inside Wychwood Cottage, you will find plenty of original charm and character —latch doors, open fireplaces, exposed beams, and picture rails that show off the home's history. The layout is spacious and practical, starting with a large dining hall. The extensive ground floor layout further provides two sitting rooms, one of which has French doors to the rear garden, the other providing a side access door. Two ground floor studies give ample flexibility in terms of home working or extended family living. The kitchen / breakfast room provides access to the conservatory with lovely views across the rear garden.

To the first floor are 6 well proportioned bedrooms, with the main bedroom and guest suite both providing en-suite facilities. The remaining bedrooms are complemented by 2 further bathrooms.

Wychwood Cottage is peacefully situated in an impressive 0.59 acres of grounds, with a westerly facing rear garden. The grounds are a well balanced mix of lawns and patios, ensuring the gardens can be enjoyed throughout the day.
