Sunningdale, 185 Millhouses Lane

Sheffield, S7 2HF

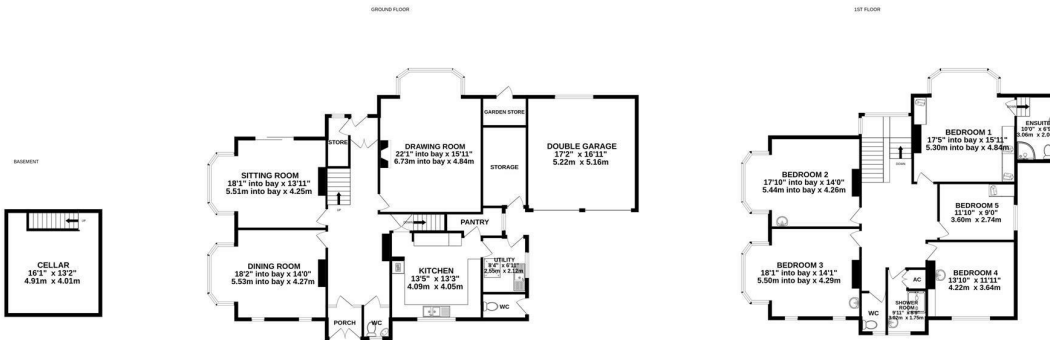

Description

'Sunningdale' is a fine detached family home that is a superb example of 1930's architecture, featuring stuccoed elevations set beneath a Rosemary tiled roof and bay windows on the pretty, eastern gable end. This superb residence has a generous 2949 square feet of generously proportioned accommodation and boasts impressively high ceilings which, along with the welcoming reception hall and wide first floor landing, contribute to the feeling of space and grandeur that is felt throughout this home. The property occupies an enviable, south facing position on this very desirable road, on the corner of Whirlowdale Crescent and Millhouses Lane and is set well back from the road behind mature hedgerows and wrought iron gates. The feeling of privacy is never more evident than when you are standing in the back garden and quite oblivious to your neighbours. This impressive property has retained much of its original charm and character including the sturdy newell posts on the staircase, the attractive stained glass surround to the inner entrance, detailed plasterwork and covings to the ceilings and the many decorative fireplaces and, it is suggested that, there is huge potential to retain these features and develop the property further, perhaps with extensions to the side, rear or via the substantial loft to return this fabulous home to its original splendour and a home to be proud of in the twenty first century. The area is a firm favourite with the family market due to the first class local schooling for all age groups and the close proximity to Millhouses Park and its renowned boating lake, tennis courts, play ground, skate park and thriving cafe. At the centre of Millhouses there are also three national supermarkets, a number of cafes, pubs and restaurants and regular transport links that can whisk you into the centre of town in under twenty minutes. This is one of those rare houses that combine a desirable location and attractive architecture with a decent plot size to create a very fine home which will be sure to impress even the most discerning of buyers.
