Description.

A large and beautifully presented detached family home that occupies an enviable position on this exclusive development, at the end of the cul de sac, in south, south westerly facing gardens and commanding one of the best views in the village. This stunning home is complemented by its superb setting on the edge of the city limits, towards the top end of this most prestigious of villages. There aren't many properties that combine a great view with a super range of accommodation (2519 square feet), proximity of amenities, countryside and the potential to extend but this one does! Since its construction in 1998 number three has seen many improvements including the landscaping of the generous gardens to create a level lawn and entertainment terrace along with upgraded fittings in two of the bathrooms and the installation of a bespoke kitchen and French windows in the open plan dining area. The current owners also decided to combine two of the original five bedrooms into one to make a larger fourth bedroom but the property could easily be adapted back to its original design if a fifth bedroom was required. The space over the double garage and in the large loft also offers the potential for further development if required (subject to regs), to create a much larger family home. Dore Village is one of Sheffield's most prestigious places to live, combining an almost rural feel with the convenience of a great range of local amenities that include a mini supermarket, greengrocers and hairdressers alongside a host of busy pubs, restaurants and cafes that combine to create a vibrant social scene. Families will appreciate the 'outstanding' rated local schooling along with the super range of sports facilities and the train station provides speedy links into both Sheffield and Manchester's city centres (and London once the current development work has concluded) for those people who work outside of the area. This is an exceptional home that will be sure to impress even the most discerning of buyers.
