53, Bingham Park Crescent

Sheffield, S11 7BH

Description

This is a quite lovely, freehold home that has been extended on the ground floor to both the side and rear to form an excellent and versatile layout, perfect for downsizers looking for more lateral space and the potential to have a ground floor bedroom. The property will also appeal to families who wish to be close to the parks and the excellent local schooling. The location is absolutely first class. The property has Bingham Park to both the side and rear and enjoys a very pleasant outlook from the side, on the first floor landing, overlooking part of the park. At the front there is also a pleasant view, down the valley, towards town. The extensions have totally transformed this home and allowed the space to form an open plan dining kitchen which in turn opens into a further reception room, perfect for the modern way of life. There is also a front sitting room, away from the open plan area, offering the potential for it to perhaps be utilised as a hobby room/fifth bedroom/home office or, as a quieter reception room. The side extension was designed to allow for the rear reception room to have independent access from the main house via a separate entrance hall with its own W.C, and to be used as a home office, but, of course the next owner may well prefer to use this a ground floor bedroom or even, with a little bit of remodelling, as an annexe for a dependent relative. The property has a lovely feel throughout, with modern fixtures and fittings in all the right places and the perfect balance between inside and outside space. Not to be missed!
