Bridge House is a unique property situated between the canal and the Middlewood Way cycle path and is in an ideal position to enjoy walks and cycle rides in this charming village in the heart of rural Cheshire. Not only does the property offer spacious accommodation, but the considerable south-east facing garden plot has been landscaped beautifully and includes sun trap seating areas on the patio and at the top of the garden. Being next to the canal, the property enjoys a quiet and peaceful outlook with an abundance of wildlife. A substantial outbuilding at the top of the garden provides storage and a workshop, and also an additional area for socialising.

Presented to a very good standard this split level accommodation comprises an entrance hall, lounge with views over the garden and doors leading to the balcony, principle bedroom with en-suite, three further bedrooms, one of which has a study/dressing area. There is a good sized family bathroom. A staircase leads to the lower ground floor where is a delightful snug/garden room with doors leading to the garden and an adjacent shower room. The kitchen/family/dining area is of a particularly good size with doors leading to the rear garden and conservatory and the utility room is of a good size with door leading to the garden. All of the accommodation is warmed by a Hive central heating system augmented by uPVC double glazed windows throughout.

Outside the property stands in approximately a third of an acre with sweeping laws, ornamental ponds, abundantly stocked flower borders, various seating areas and a stone pathway meanders to the garden room/workshop. There is an additional piece of land behind the workshop. To the side of of the property there are raised flower beds and a pathway leads to the driveway providing parking for four motor vehicles. Access to both the canal and Middlewood Way are a stones throw away.

We would strongly recommend an internal inspection of Bridge House in order to fully appreciate the fine merits it has to offer.
