Sometimes, when you visit a property for the first time, you immediately sense its potential to become a wonderful family home, and that is certainly true of The Laurels. This property offers well-proportioned rooms with good ceiling heights and features the following:

**Ground Floor:** An open entrance porch leads to the entrance hall, which includes a staircase to the first floor and another descending to the cellar. The cellar is an excellent space that has been tanked, making it ideal as a home office, occasional bedroom, or even a home cinema.

The sitting room boasts a large bay window overlooking the front gardens. The former dining room, now a perfect family room, features doors opening to the garden. A substantial rear extension accommodates a large open-plan kitchen/dining room, fitted with underfloor heating, a range of units, ample appliance space, and room for both a large dining table and a sofa. Off the kitchen is a useful utility room with a cloakroom.

**First Floor:**

The landing includes a large cupboard housing the gas-fired heating and water system. The master bedroom is exceptionally spacious and could easily be divided into two spacious bedrooms if desired. It also features an en suite shower room. There are two additional double bedrooms and a spacious family bathroom with both a bath and a separate shower.

**Outside:** At the front of the property is a small garden enclosed by brick walling. A pair of gates open to a short driveway leading to the garage. While both areas are of reduced length, they could be adapted to create a larger parking space. The rear gardens have been professionally landscaped, featuring shaped flower and shrub borders along with a large patio terrace—ideal for entertaining.
