Entering from the High Street, the impressive hallway leads you into a contemporary kitchen, with rich blue cabinets that contrast beautifully against the crisp white work top and tiled splash back. The kitchen features a butler sink and dark polished floorboards that are highlight by the natural light that streams in from the large sky light above. The kitchen then leads onto a private, newly decked and painted terrace with views over Wanstead and steps down to an allocated parking space.

There are two separate reception rooms, in which the main reception room is easily large enough to include lounge and dining furniture, allowing the second reception room, which is currently being used as a dining room to be used as a third double bedroom if required. The lounge is more than 16ft in width and length and has an impressive feature fireplace, which combined with the charming, exposed floorboards, gives the room added character and warmth, whilst the plantation shutters perfectly frame the attractive trio of windows. There is also a chic shower room on this floor, which is ideal for guests, or compliments the layout of a third bedroom on the is floor perfectly.

Venturing up to the second floor via the tiered landing with a large feature window, you will discover a further two double bedrooms, both with fitted wardrobe space and a stunning family bathroom that features an ornate roll top bath.
