Indicative image

Imperial Park is a unique proposition that will create a thriving business community. The park will seek to host a mix of industrial and office occupiers, as well as roadside, leisure and trade counter uses directly fronting the A1270 Broadland Northway.

AVIATION SERVICES

Imperial Park is located on the north side of Norwich Airport, a thriving regional airport. Norwich Airport serves 25 direct passenger destinations and connects to 500 destinations via Amsterdam Schipol.

The airport is home to major offshore helicopter transport operations,

corporate and general aviation, and the East Anglian Air Ambulance.

The airport is also a centre of Maintenance, Repair and Overhaul (MRO) excellence - with a brand new 70,000 sq ft MRO facility recently completed for KLM.

STRATEGICALLY LOCATED

IMPERIAL PARK IS STRATEGICALLY SITUATED 3.5 MILES NORTH OF NORWICH CITY CENTRE,

on the north side of Norwich Airport. It benefits from extensive frontage to the recently constructed A1270 Broadland Northway (Northern Distributor Road), which provides access to the A47 at the Postwick interchange some 6 miles to the south-east.

The A47 links to Great Yarmouth in the east, and beyond to the east coast ports. Access to the western section of the A47 is via the Cromer Road, outer ring road and Dereham Road at the Longwater junction.

This northern area of Norwich boasts the City's largest concentration of industrial and warehouse uses and is home to companies such as Smurfit Kappa, KLM Engineering, Ingram Micro, Lotus Cars and Anglian Windows.
