THE PROPERTY

Opening into a central entrance hall, the main sitting room is located to left of the home and boasts a dual aspect including French Doors that lead onto the garden meaning for an abundance of natural light throughout.

A further reception room is currently utilised as home office but equally provides the opportunity for a play room or hobby room as desired. In addition, the house offers a separate dining room that subject to the relevant building consents could be opened into the kitchen beyond to form an impressive kitchen breakfast room if preferred. The kitchen itself is a modern suite featuring a range of built in appliances, work surfaces and storage options whilst the dual aspect windows again allow for plentiful light and views onto the garden.

A useful utility room and cloakroom complete the ground floor whilst upstairs plays host to four well-proportioned bedrooms including the principal room that runs the depth of the building to feature built in wardrobes and an ensuite shower room. Finally, the three-piece family bathroom concludes the internal accommodation.

It should also be noted that located above the double garage is a studio space with external steps and entrance to further increase the versatility of the home.
