HERITABLE (FREEHOLD) SITE CAPABLE OF A VARIETY OF USES (SUBJECT TO PLANNING)

LOCATION

The site is located at the northern end of Denmore Road, Bridge of Don, approx. 7 miles north of Aberdeen city centre, near the junction with the B999 and the Murcar Roundabout on the Ellon Road / A92, providing easy access to the trunk road network. Denmore Road is characterised by industrial, trade counter / retail warehousing, with the site being immediately opposite the Denmore Road Retail Park, which is home to B&Q, M&S Foodhall, Home Bargains and Costa amongst others. The location is shown on the plan above which has been provided for indicative purposes only.

DESCRIPTION

The site is regularly shaped, albeit tapering to the westmost boundary, but providing good frontage to Denmore Road. The site has a mix of concrete surface to the front with part hardcore part concrete to the rear and currently houses a derelict industrial building which is capable of either redevelopment or demolition depending on the proposed use. The site benefits from 3 points of access, one from Denmore Road, and two further on the access road to the industrial buildings adjacent. The site is therefore capable of being split into two, each element benefitting from its own exclusive access.

Due to the location of the site it is considered suitable for a wide range of commercial uses (subject to planning).

We understand the site benefits from mains gas, electricity and drainage to the public sewer.

SIZE

The site extends to approximately 0.57 ha (1.41 acres).
