Woodlands

Approached through a gated driveway, Woodlands offers approximately 6800 sq ft of accommodation across three floors, all set within spacious grounds of 0.6 of an acre. The property is entered via an impressive stone portico into a hallway flooded with natural daylight and with views through the drawing room and across the south facing garden. State of the art facilities include the home automation system by Control4, intelligent lighting, underfloor heating, Hans Grohe fittings, Villeroy & Boch sanitary ware and lighting design by John Cullen.

From the spacious hallway, double glazed doors lead you to a large study, a spacious family room or into the large south facing drawing room. The drawing room in turn links through concealed pocket doors into the kitchen/breakfast room and conservatory dining room. The kitchen offers granite worktops and a range of appliances associated with luxury living by companies such as Gaggenau & Miele. Furthermore, there is a large central island incorporating a breakfast bar, as well as a bespoke bar area, wine fridge and access to the utility room with further appliances, a shower room and doors leading to the integral double garage. Above the kitchen is a light & galleried reception room, with views over the landscaped grounds.

By linking the first floor gallery reception to bedroom two through a study/dressing area, you could create a self-contained annexe. Across the top two floors are five/six luxury bedroom suites. The Principal bedroom is particularly impressive incorporating a his and hers dressing room, a walk in shoe cupboard and a fabulous ensuite shower/bathroom. There are two further bedrooms, each with an ensuite bath/shower rooms. The second floor has pocket doors separating two bedrooms, allowing use as one open plan suite or closed as two separate rooms and there is a further bedroom and ensuite bath/shower room.
