EXTERIOR

Double Garage & Driveway

The property benefits from a detached double garage with power and lighting fitted and is positioned on an extremely spacious block paved driveway with space for approximately 5 cars (with electric car charge point) and caravan hook-up. The borders have been landscaped with various plant and shrub borders, and there is an access gate to the Additoional Garden. There is also a further 12' x 5' storage shed.

Rear Gardens

The landscaped, south facing rear garden commences with a large patio area with sufficient room for an array of furniture and leads to a level lawn with well stocked borders of various trees and plants. To the rear of the garden is a further patio with summer house (power and lighting fitted), making full use of this delightful plot. There are also two outside taps, lighting, plus access gate to the front of the property.

Additional Garden

The plot is quite unique in the fact that the current owners have acquired an additional piece of land to the front of the property that adjoins the already spacious front parking area. Currently used as a vegetable and fruit tree garden with spacious potting shed, the plot would be ideal for a home office/annexe (STPC) as well as many other uses.
