Gary Townsend at Paul Mason Associates offers this immaculate five double bedroom family home with extensive parking to front, and a landscaped garden to the rear. This light and airy property also boasts an impressive family room with fully bi-folding doors opening to the rear deck and gardens, spacious lounge with log burner, plus a modern fitted kitchen / dining room. This flexible home also boasts an integral garage plus the potential to extend into the large loft space (STPC).

Howe Street is a picturesque hamlet approximately six miles north of the City of Chelmsford and 13 miles from Stansted airport. It is best known for its Grade II listed 14th-century Free House (The Green Man), which is one of the oldest in Essex owned by Michelin Star chef brothers Chris and Geoff Galvin. The nearby, larger village of Great Waltham offers further facilities to include, pre-school and primary schools, a post office/general store, a village hall, a cricket club, public house and a delicatessen/cafe. Felsted village and its well-known independent school is less than five miles away, while Chelmsford offers a wide variety of facilities including a bustling shopping centre, excellent state and private schools and superb road and rail links, with easy access to the A12 and a station on the main line into London Liverpool Street.

The driveway has been recently landscaped to provide parking for numerous vehicles and also benefits from planted borders and also has an electric car charging point fitted. There is also an outside tap and lighting, plus access gates to both sides leading to the rear garden.

REAR GARDEN

The landscaped rear garden offers a wonderful outside retreat for the whole family. Exiting the property from the kitchen, you enter a covered area which then wraps around the property by way of a raised decking area that overlooks the garden. Steps leading down to a level lawn which has well stocked borders to both sides and a pathway that leads to the rear seating area. The current owners have also put in provisions for a hot tub, and there is also a detached shed which has the ability to fit power and lighting available. In addition there is an outside tap and access to the oil tank.

Solar Panels & Battery System

The property benefits from a range of solar panels that provide immediate home energy and the ability to store further electricity via the home battery. This can heat the hot water and can also be exported back to the grid to generate income. The system can also be used to charge the EV alongside the mains power. The current owners annual costs for electricity is approximately £1,000 (assuming 8,000 miles of car charge).
