THE PROPERTY

Berehayes Holiday Cottages are in Whitchurch Canonicorum, a rural farming village close to the Jurassic Coast and has been run as a very successful holiday let business since 1985. The cottages are now all being sold off separately. This is a rare opportunity to own one as your own second home/holiday let (there is no restriction on the length of stay but it cannot be owned as your main/sole residence).

The eight barn conversions are set around an enclosed courtyard which was once a farmyard. Having been designed as holiday accommodation with open plan living areas, the decor of the cottages with country style handmade wooden kitchens, tie in with this part of the West Country. All are well maintained and double glazed throughout. www.berehayes.co.uk.

Squirrel's Drey is a charming, thatched, two-storey converted stone former grain barn. On the ground floor is a large open plan living room with a well equipped kitchen just off and a bedroom with ensuite washroom. On the first floor there are two further bedrooms and a bathroom.

This cottage can be extended by purchasing the connected barn (5x5 m), under a separate negotiation. A planning application has been made to extend into this space and includes new connecting doors and an outside door to the bigger garden.

OUTSIDE

Designated car park space and shared visitor spaces.

There is a delightful open plan inner courtyard for the barn conversions, each cottage will have its own area with table and chairs. Squirrel's Drey will also have the additional benefit of its own small open plan rear garden, and a door can be installed to access it (subject to any necessary consent). The outside table and chairs can be moved from the courtyard to the garden (which can be fenced) after completion.
