LOVE THE JOURNEY

The Meadows, Richmond

Welcome to The Meadows – a superb five-bedroom detached home, perfectly suited for families seeking a well-located home. Parents with children will value the proximity to both primary and secondary schools, while everyone can enjoy the walk into the charming Georgian market town of Richmond. A handy local corner shop is a short walk from your home and the nearby A1 makes travel a breeze. For weekend adventures, the stunning landscapes of the Dales are within easy reach too.

Welcome home...

Pull into your quiet cul-de-sac and arrive home to a generous corner plot, with a driveway to the left offering parking in front of a spacious double garage. The neat front garden adds a welcoming touch, guiding you and your guests to the front door.

Step inside to a bright and roomy hallway that connects the home's main living spaces. At the far end, a practical downstairs WC also serves as a cloakroom—ideal for busy family life or guests coming and going.

To your right, the living room offers a calm, comfortable space with plenty of room for a large sofa and armchairs. It's perfect for relaxed evenings in or hosting movie nights, and on warmer days, the patio doors open directly to the rear garden—great for letting the outdoors in.

To the left of the hall, the kitchen has everything the home cook needs, with ample cupboard and worktop space, an integrated fridge, oven and hob, and a handy breakfast bar for quick bites or morning coffee. A separate utility room helps keep laundry and larger appliances out of sight, keeping things organised and clutter-free.

The dining room connects both to the kitchen and the main hallway, making mealtimes and entertaining easy. It overlooks the front garden and is ideal for everything from midweek family dinners to larger get-togethers. Beyond here, a third reception room currently used as a snug offers valuable extra space perfect as a home office, playroom, or a second sitting area when everyone needs their own space.

Time for bed...

Upstairs, five bedrooms give you plenty of flexibility—ideal for growing families, guests, or even creating a home office or hobby space. The main bedroom is especially generous, easily fitting a king-sized bed along with wardrobes and a dressing area. This room also benefits from an en suite, complete with a large walk-in shower—making busy mornings that bit easier.

The four additional bedrooms are all doubles, offering space for children of all ages or visiting family. Each has room for a double bed and storage, so everyone has a space to call their own.

A modern family bathroom completes the first floor, featuring a full-sized bath with an overhead shower—perfect for winding down after a long day or managing all the family's bedtime routines.

Head Outside...

Head outside and enjoy a garden that's both private and practical. At the back of the garden, a paved patio area is ideal for outdoor dining, weekend barbecues, or simply relaxing with a coffee in the morning sun. French doors from the living room make this space a natural extension of the house—great for entertaining.

To the side, a larger lawned area offers plenty of space for children and pets to run around, gardening projects, or even future landscaping ideas. Mature trees and planted borders provide privacy and seasonal colour, making it a pleasant space to spend time year-round.

A handy door from the garden also leads directly into the double garage—perfect for anyone who enjoys DIY, tinkering with tools, or needs easy access to bikes, garden gear or a workspace without walking through the house.
