STUNNING GRADE II LISTED FAMILY HOME

With origins believed to date from the 16th century with later additions, the most recent being the kitchen/dining room, this stunning Grade II Listed family home has undergone extensive renovations over recent years. Whilst providing the comfort of modern living the cottage has lost none of its character exhibiting period features throughout. Complementing the cottage, the grounds have also been extensively remodelled with the creation of additional gated parking, a herringbone brick path and pond to name but a few.

Presented in immaculate order throughout, the accommodation consists of an entrance hall which doubles as a utility room, a triple aspect drawing room with exposed beams and floor boards together with an inglenook fireplace with bread oven and French doors to the garden, a double aspect sitting room again with exposed beams, floor boards and inglenook fireplace this time with a log burning stove, and a glass link leading through to the triple aspect, light filled kitchen/dining room with a bespoke kitchen; completing the ground floor is a double aspect bedroom/study and a shower room.

On the first floor there is a double aspect principal bedroom with ensuite bath/shower room and two further double bedrooms each with ensuite shower rooms, the three bedrooms all enjoy bespoke built-in storage.

OUTSIDE

An electric gate opens onto the gravel off-road parking where a herringbone brick path leads around the cottage and creates a terrace encompassing an ornamental pond. A gravel path continues around the cottage and creates a further terrace.

The grounds of approximately 0.6 acres are bordered with mature hedging and are laid to manicured lawn interspersed with sculpted flower and shrub beds together with a variety of well-established trees. There is also a greenhouse and other garden stores.

Within the grounds there is a charming, detached annexe comprising a double aspect sitting room, a kitchen and a double bedroom with an ensuite shower room. The annexe has its own terrace and gated parking, ideal as guest accommodation to provide an income stream if required.
