General Remarks

A characterful and picturesquely located two bedroom cottage believed to have been constructed in the early 19th Century. The property was formerly party of the Chirk Castle Estate and is located in both the Clwydian Range and the Dee Valley Area of Outstanding Natural Beauty.

The property has been extensively refurbished by the current owners, including being fully reroofed using reclaimed local Welsh slate for any slates replaced, internal plaster replaced with lime plaster where required and the front porch being repaired with a new oak structure.

The property also includes extensive gardens which again have been the subject of extensive improvement, off road parking provision and long ranging views to the east. Internal inspection is essential in order to fully appreciate this rare addition to the sales market.

Location: The property is situated in the hamlet of Fron Isaf on the fringes of the picturesque Ceiriog Valley which offers a variety of activities including fishing, walking, pony trekking and mountain biking. There is an extensive array of local footpaths including Offa's dyke along Stryt y Veri, while roughly 1 mile to the south is Chirk Castle and

roughly 1 mile to the north is Pontcysyllte aqueduct. The nearby town of Chirk (2 miles) has a range of shops and amenities while the A5/A483 offers direct links to the larger towns of Llangollen, Oswestry, Wrexham and the City of Chester. The train station at Chirk offers services to Birmingham and Manchester, with onward links beyond.

Front Gardens: Steps leading through the terraced gardens to the front entrance porch. The oil fired boiler is located at the front of the property with the oil tank which was replaced in 2021, adjacent to the driveway.

Additional Gardens: The property also includes extensive additional gardens located on the opposite side of the access roadway, as can be seen on the enclosed identification plan. These have been improved by the current owners and offer views across Shropshire and Cheshire plains, with south Shropshire hills, Peckforton and Wrekin also visible.

The gardens are east facing, with terracing down towards the eastern and southern boundaries. They include a collection of semi-mature shrubs and small trees, free draining loamy soil, good for growing and eight fruit trees including plums, apples, pears plus one cherry tree.

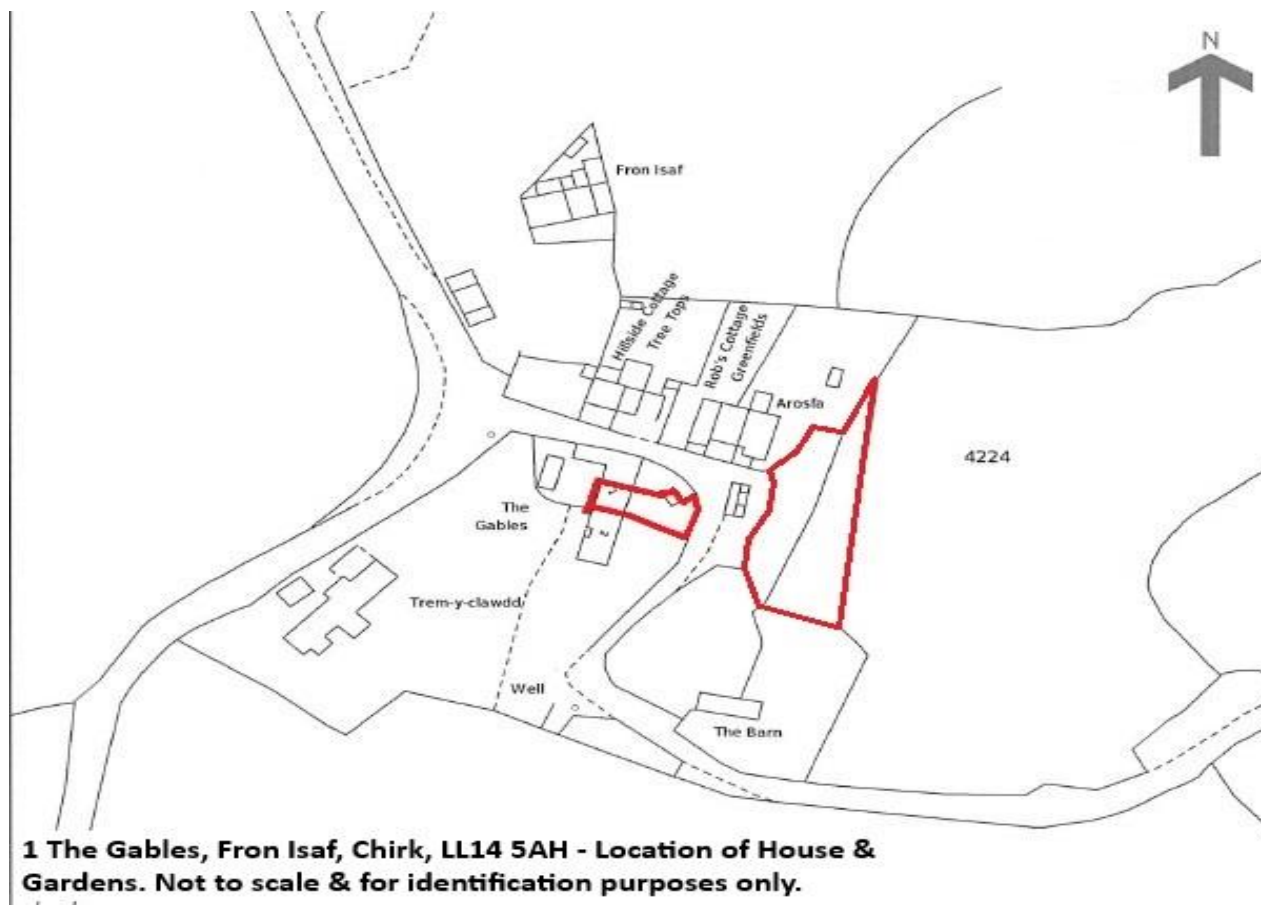

There are also two ornamental cherries present, rhubarb and a soft fruit growing patch. There is lots of vegetable growing space with a glazed greenhouse and shed also sited within the land. Finally, a timber summer house with double glazing provides the perfect environment in which to enjoy the exceptional views out over the adjoining countryside.

Summer House: 10' 11" x 10' 11" (3.32m x 3.32m) Timber framed construction with extensive views and a seating area to the front.
