Description

With everything you could ever need, where else would you possibly want to be, with an extensive array of leisure, shopping, supermarkets, primary schools and, of course, access to the M27 and Swanwick railway station, everything is at your fingertips. Feel free to leave the car at home. Want to work from home? A beautifully installed garden office workspace suitable for all-year-round use is discreetly tucked away so you never have to take your work home with you.

Enter into the warm and welcoming hallway with its hardwood flooring extending through into the living room, and you immediately feel as though you have arrived. From the hallway you have a cloakroom, large understairs cupboard and a large 'L' shaped living room and dining area with double-glazed French doors leading straight out onto the composite decking. The modern and well laid out kitchen works very well and has everything in its place. Below the worksurfaces is storage a plenty with matching gloss-fronted wall-mounted units, an inset circular sink, inset four-ring gas hob, eye-level double electric oven extractor fan and a built-in microwave.

Upstairs you will be able to access the lit, insulated and partially boarded loft space via a pull-down ladder. Housed in the loft you will find the combination gas-fired boiler. There are three very accommodating bedrooms, with the main bedroom located at the rear of the house with double-opening windows looking onto the garden, and across to the woodland, as well as built-in hanging and draw space. Bedroom two has a large built-in single wardrobe with window to the front and a similar sized bedroom three with window to the front also. The re-fitted shower room has a true walk-in shower with fixed screen and rain shower, integrated W.C. and basin with storage beneath.

Outside, the privately enclosed rear garden measures 33' in length and extends across to the side for additional outside space. You will find a low-maintenance astro-turf style lawn, composite decking with pergola above and gated access. Tucked away in the corner of the garden is a home office suitable for use all year round, which is double-glazed, insulated and has power connected
