

Constructed around 30 years ago, Crown House showcases a timeless design, featuring red brick under pitched peg-tiled roofs complemented by charming sash and French windows. The classic Georgian-style façade sets an elegant tone, and the well-proportioned rooms boast generous ceiling heights. Throughout the interior, you'll find tasteful fireplaces, intricate cornice work, and ceiling rosettes, contributing to the property's overall aesthetic appeal. Abundant natural light fills every room, enhancing the welcoming atmosphere.
