**ASTIN'S**

Astin's are pleased to present this modern, one bedroom apartment situated on the second floor of a period Victorian townhouse dating from 1867. This and the other three apartments within the building were fully refurbished internally in 2010 and have been maintained to a high standard since. Immaculately presented throughout, the apartment is a straight walk in for buyers looking for a bolt-hole by the sea, holiday let investment or permanent residence.

The spacious lounge and separate kitchen both enjoy classic Whitby views not just to the Marina to the front right but also over the characterful rooftops of the town across to the Abbey with a glimpse of the sea.

Central heating and hot water are provided by a wall-mounted gas-fired combi boiler situated in the kitchen. This is also fitted with units and built-in appliances. There is a modern shower room with white suite, and a large floor to ceiling storage cupboard with space & plumbing for a washing machine. The lounge and bedroom also have useful storage cupboards. The bedroom is again a generous size, easily fitting a double bed. This apartment retains its 3 original sliding sash windows all of which are in decent working order.

Whilst situated in a relatively quiet location, the town centre with its wealth of amenities and attractions remains just a 5-minute stroll away. Off-street parking can also be found near the property. Call Astin's to arrange a viewing!

**Energy rating and score**

This property's energy rating is C. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D  
the average energy score is 60

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more efficient the home is and the lower the fuel bills will be.
