ASTIN'S

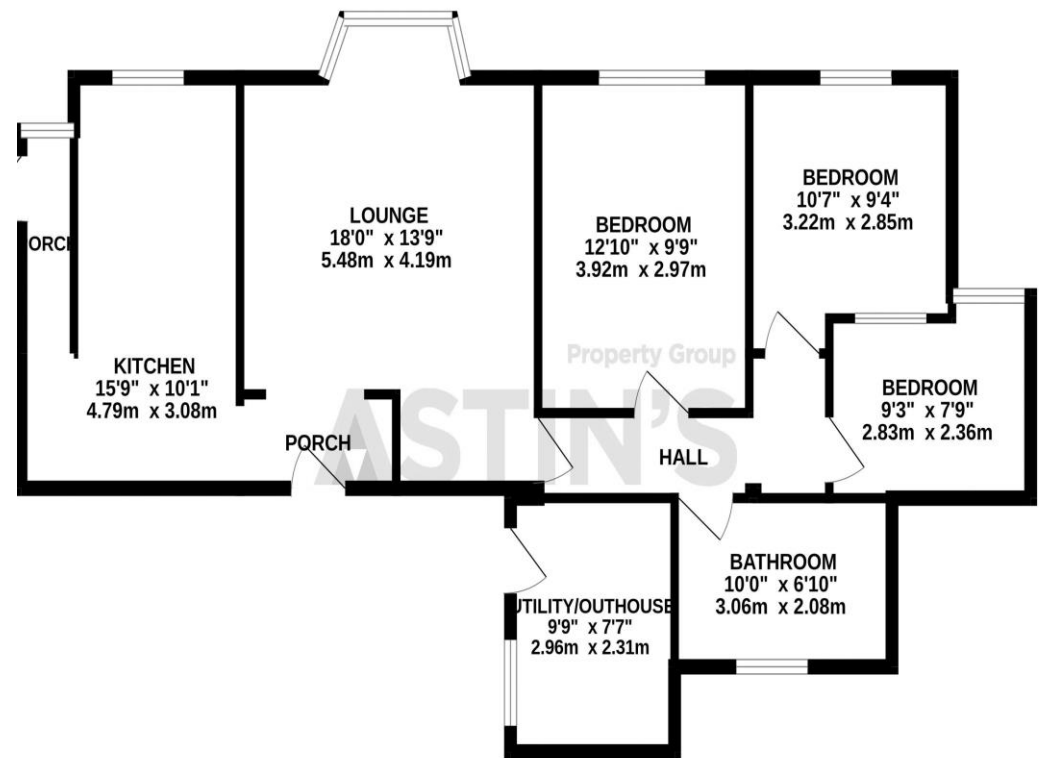

Astins are delighted to bring to market this substantial, three bed, detached bungalow with the most sensational panoramic rural views from this amazing elevated position. Properties rarely come to market in Houlsyke and it is obvious why when you visit this beautiful hamlet just on the fringe of the village of Lealholm. Whilst still in distance of a local shop and country pub along with school you still have the rural attraction of tranquillity, peace and quiet and views, what more could one want?

The accommodation comprises of large lounge with bay window making the most of those delightful elevated views with bay seating to sit and enjoy, modern kitchen with integral appliances, a small porch perfect for muddy boots after exploring the countryside and local walks. There are three bedrooms (two double and a single) and modern bathroom that enjoys a double walk in shower. Externally there is a separate utility. The property sits on a large elevated plot and enjoys a large, low maintenance wrap around garden with patio area to the side.

The property is accessed via a private drive and has the benefit of a double garage at the foot of the lane along with off road parking. The property has the added bonus of solar panels to the front elevation with recently fitted inverter.

Without a shadow of a doubt, this property needs to be seen to be truly appreciated.

England & Wales EU Directive 2002/91/EC

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills will be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Estimated energy use, carbon dioxide (CO ₂) emissions and fuel costs of this home		
	Current	Potential
Energy Use	453 kWh/m ² per year	178 kWh/m ² per year
Carbon dioxide emissions	13 tonnes per year	4.6 tonnes per year
Lighting	£81 per year	£00 per year
Heating	£1123 per year	£457 per year
Hot water	£219 per year	£104 per year

Based on standardised assumptions about occupancy, heating patterns and geographical location, the above table provides an indication of how much it will cost to provide lighting, heating and hot water to this home. The fuel costs only take into account the cost of fuel and not any associated service, maintenance or safety inspection. The certificate has been provided for comparative purposes only and enables one home to be compared with another. Always check the date the certificate was issued, because fuel prices can increase over time and energy saving recommendations will evolve.

To see how this home can achieve its potential rating please see the recommended measures.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more efficient the home is and the lower the fuel bills will be.
