LOCATION

The property is located in a secluded position within a wide, glacial valley, adjacent to the rural village of Llanychaer and Glandwr chapel, named after the farm.

Llanychaer is a small rural village and parish in the farming community of Cwm Gwaun, Pembrokeshire, Wales, a locality steeped in history, legend and tradition. The area is favoured by walkers and cyclists, drawn to the "perfect little tucked away landscape wonder", close to Britain's only Coastal National Park and the Preseli Mountains, where the Gwaun river rises.

The nearest town is Fishguard, just 2 miles (3.2 km) distant, with A road and rail transport links and daily ferry to Ireland. It is known for hosting annual international music events and food festivals, having its own theatre, primary and secondary schools. There is a wide selection of dining out options available, with quality restaurants, budget cafés and welcoming village pubs in the vicinity.

The North Pembrokeshire Coastline at Aberbach, Dinas is within 3 miles or so and also close by are the other well known sandy beaches and coves at Pwllgwaelod, Cwm-yr-Eglwys, Aberfforest, Aber Rhigian, Cwm, The Parrog Newport, Newport Sands, The Parrog Goodwick, Pwllcrochan, Abermawr, Aberbach, Abercastle, Aberfelin and Porthgain.

There are attractive walks of one to twelve miles in length which you can start from Llanychaer without ever getting in the car. Along the riverbank, up the hills or along the valley, it is a walker's paradise, and the Pembrokeshire Coastal Path and spectacular Preseli Hills are only a short drive away. Pony trekking and hacking facilities are also available.

The County and Market Town of Haverfordwest is some 15 miles or so south and has the benefit of an excellent Shopping Centre together with an extensive range of amenities and facilities including Secondary and Primary Schools, Churches, Chapels, Banks, Building Societies, Hotels, Restaurants, Public Houses, Cafes, Take-Away's, a Post Office, Library, Supermarkets, a Leisure Centre, a Further Education College, The County Council Offices and The County Hospital at Withybush. A scenic road takes you in half an hour to Narberth just the other side of the A40, a small town with many interesting features and independent shops.

There are good road links from Fishguard along the Main A40 to Haverfordwest and Carmarthen and the M4 to Cardiff and London as well as good rail links from both Fishguard and Haverfordwest to Carmarthen, Cardiff, London Paddington and the rest of the UK.

DIRECTIONS

From Fishguard, take the B4313 Road south east for some

2.5 miles and in the village of Llanychaer (just beyond The Bridge End Public House) take the turning on the right into Glandwr Farm. A 400 yard tarmac road leads up to the Homestead. "For Sale" Boards are erected at the B4313 roadside boundary opposite Brynderi and also at the crossroads 100 yards south of Glandwr Chapel.

DESCRIPTION

Generational Freehold Farm, being upward chain-free.

A distinctive, four bedroom detached farmhouse, having undergone a sympathetic renovation and offering annexe conversion potential to adjoining buildings, subject to planning. The current owners have upgraded the house with a replacement slate tiled roof, revised room designs, upgraded oil-powered domestic heating, plumbing, electrics, kitchen and bathroom fittings. The interior retains character features and provides charming accommodation, being sensitively furnished to reflect the period accommodation. There is ample space for car parking and three separate gardens are also situated close to the house, providing floral, leisure and growing spaces, with a variety of established fruit trees and vegetable areas.

Attractive farmyards with a mix of traditional stone and useful modern outbuildings that offer plentiful storage and garage capability, benefiting from a private water supply. A stable is included, from time as an equestrian property and another building particularly suggests conversion to additional residential use [STP], as has been successfully achieved at several farms locally.

The land combines arable and pasture in a single block within a ring fence (with an option to purchase further land) and being gently sloping and draining in a south westerly direction. The fields have produced corn, hay, silage and vegetables in earlier years. Currently, an annual income is available from the agricultural production, should prospective purchasers view as a lifestyle property. There are four separate access points from surrounding roads including two cattle grids, facilitating farming operations.
