

Upper Millars Park, Landshipping, SA67 8BE

Offers In The Region Of £720,000

An exciting opportunity to acquire this sensational Twin Property Smallholding with over 15 acres of mainly grazing paddocks, situated in the picturesque estuary village of Landshipping. The main house comprises 4 bedrooms with charming accommodation, whilst a short distance apart is a detached 2 bedroom cottage with character features, both enjoying full residential right of use, making this an ideal home for multi-generations or for added income from letting. The property is at the end of a shared track, measuring approximately half a mile or so, with no immediate neighbouring properties in sight and is surrounded by fields and woodland. There is also a large detached workshop/double garage with store rooms, which has excellent conversion potential (stp) and a useful agricultural shed. We strongly recommend viewing this property for its size, style and setting especially.

Situation

The property is situated at the end of a shared private track, roughly half a mile long, just on the edge of the small pretty village of Landshipping which rests on the eastern shoreline of the Cleddau Estuary, within the Pembrokeshire coast national park. Access to the estuary is just a short distance away (literally at the start of the track) and is one of Pembrokeshire's iconic wildlife areas, being simply beautiful and a great place to walk, fish or boat. There is access onto the shoreline for walking or launching kayaks/boats etc within the village, only a couple of minutes away. The town of Narberth is some 8 miles or so to the east and offers a wide range of shopping facilities and amenities with the market town of Haverfordwest being some 10 – 11 miles or so to the west. Also within easy reach are the south Pembrokeshire towns and coastal resorts, such as Saundersfoot, Tenby, Pembroke etc. Landshipping itself is a tranquil place to live and is ideally suited to those purchasers who are looking for a quiet home in an area that is unspoilt, yet within easy reach of near by towns.
