# **CENTRAL GARDENS** THE VILLAGE COLLECTION KIDBROOKE VILLAGE Berkeley Designed for life

Welcome to Central Gardens, a stylish collection of 1, 2 and 3 bedroom apartments, forming part of The Village Collection at the heart of Kidbrooke Village. Just a short stroll from your everyday conveniences in Pegler Square and bordering the award-winning Cator Park, these light, spacious homes offer the best of both worlds.

Central Gardens at Kidbrooke Village welcomes you into a calm inner sanctuary with its private gardens, yet is conveniently close to the great amenities of Pegler Square. You can immerse yourself in nature and come home to a tranquil oasis, whilst benefitting from being perfectly located near to the on-site Kidbrooke station with easy access to the city centre when you need it. Relaxed countryside living and central London so close by means you can enjoy a rural and urban lifestyle, in perfect harmony.

Central Gardens is ideally located, close to all on-site amenities in Pegler Square, including a convenient Sainsbury's Local, The Depot (Young's Pub), Tesco Metro, Starbucks and Kidbrooke Food Market, whilst also being a stone's throw from Kidbrooke station with fast, direct links into the City and surrounding areas.

The apartments are surrounded by green open spaces and the picturesque 12-acre South Cator Park. You will benefit from exclusive access to the private residents' garden, inspiring feelings of serenity and wellbeing. At Central Gardens, you will enjoy everything that countryside living has to offer.

INTRODUCTION

# 21ST CENTRY CENTRY VILLAGE COLLECTION

urban living and the relaxing benefits of open space.

It's a vibrant, welcoming community, connecting people to nature yet equipped for busy lifestyles with everyday needs on the doorstep.

Kidbrooke Village is a place to grow together. It is Berkeley's very first net biodiversity gain site to reach maturity, creating one of London's most vibrant and welcoming communities.

Central Gardens is at the very heart of Kidbrooke Village, providing a great lifestyle, whatever your interests.

## CULTURE, COFFEE & CONVENIENCE

Pegler Square is the beating heart of Kidbrooke Village, a central hub alive with energy. The many amenities on offer include a Sainsbury's Local and YoHome Oriental lifestyle supermarket, where you can pick up those essentials on the way home, and The Depot (Young's Pub) for a drink or dinner and catch up with friends. Additional facilities include a dentist, doctors' surgery, 24-hour concierge service, Starbucks, Kidbrooke Food Market, Tesco Metro and residents-only gym. It's also home to the on-site Kidbrooke station, all within a short walk from Central Gardens.

Kidbrooke Village has naturally evolved and flourished into a wonderful local community over the past decade. It is home to people of all ages and backgrounds, which creates a strong sense of pride in their diverse and welcoming neighbourhood — a place where people grow together. Everyone shares Cator Park's great open space and amenities, where friendships are forged and people thrive. For those who now work from home, these advantages are particularly beneficial.

Kidbrooke Village is such a lively and inviting place with many clubs, groups and events for every age and interest — with a calendar of community events such as the summer fête and Christmas celebrations.

Not only does Kidbrooke Village have an abundance of green space, the diversity of the natural surroundings also includes wetlands, parks and wildflower meadows. There's something for everyone to feel at one with nature. You can explore the area on an early morning run or you may prefer a more serene walk to soak up the local scenery. Extensive footpaths and cycle paths link these wonderful green spaces together.

If recreation is more your scene, there is a secure multi-use games area for sports such as tennis, football or basketball. Cator Park Playground, imaginatively designed and built from reclaimed timber, is a popular spot for parents from the village to get together for a coffee and chat whilst their children play.

## SUSTAINABILITY AT ITS HEART

Berkeley has instilled a robust sustainability strategy throughout Kidbrooke Village, establishing a lasting legacy for future generations. Over 750 mature trees have been planted to offer shade and improve air quality. In Cator Park alone, there has been a 99% improvement in biodiversity value delivered through new planting with a target of 200%+ upon development completion.

Berkeley is also proud to work with London Wildlife Trust to protect and enhance the green spaces across Kidbrooke Village. The open leisure spaces feature species-rich grassland and a mosaic of habitats where the community and wildlife grow side by side. As a haven for wildlife, diverse habitats like the chalk stream through Cator Park, surrounded by wildflower planting, have been protected for future generations to enjoy.

Central Gardens' residents will be able to use the residents-only Village Centre Gym or on-site PureGym located within the Village Centre. And if you fancy some fresh air, you can simply take a stroll in nearby South Cator Park.

You'll find the 24-hour concierge service convenient and helpful in many ways.

# ORLD-CLASS

From your home in Kidbrooke Village, you also have fantastic higher education opportunities. There are 40 universities and higher education colleges in London, with a student population of around 400,000\*. Of these, over 118,000\*\* students come from overseas, recognition of the world-class education the city offers. London's universities and colleges are consistently highly placed in the rankings. The respected Times and Sunday Times Good University Guide for 2021 put eight London universities in the UK's top fifty\*\*\*. These include Imperial College, UCL and King's College, all reachable within an hour by train.

The Capital is undoubtedly an expensive city, but you can't put a price on the sheer exhilaration of London life. And many galleries, clubs, theatres and restaurants offer student-friendly prices.

**DESIGN & BUILD** 

# HOME RUN

With a choice of 1, 2 and 3 bedrooms, each of the apartments offer something truly special. Sitting comfortably within The Village Collection, you are surrounded by 12 acres of picturesque Cator Park, yet also near to everything that Pegler Square has to offer.

# MAKE YOURSELF AT HOME

Central Gardens provides an oasis of calm, with all apartments carefully designed with modern living in mind. In the open plan living and dining area, you can choose from a sunrise or sunset colour palette, and the individually designed kitchens are an elegant blend of style and functionality. The layouts offer maximum space and practicality, making home life as easy as possible.

You'll be able to enjoy fantastic views of South Cator Park or the residents-only garden from your generously sized balcony or terrace, or through the sliding doors of your open plan living room, which flood the apartment with light.

# SERENITY INSIDE AND OUT

# STYLE WITH SUBSTANCE

# YOUR OVVIN PRIVATE SANCTUARY

Whether you choose a 1, 2 or 3 bedroom home, the spacious, airy bedrooms are thoughtfully designed for you to enjoy a tranquil hideaway from the hustle and bustle of modern life. Bedroom 1 comes with floor-to-ceiling fitted wardrobes with plenty of storage space, and every bedroom has full-height windows to maximise the light and has enjoyable views.

The elegant bathrooms and ensuites have a luxurious finish, with floor-to-ceiling porcelain tiles and sleek, modern interiors. Combined with the soft downlighting, they offer the perfect setting to relax, de-stress and unwind.

# DESIGNED FOR LIFE

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

# **CUSTOMERS DRIVE** ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need - well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

# CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

# QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail.

We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

# **GREEN LIVING**

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

# COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

# TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

# TRANSFORMING PLACES

Working with local people and partners we where you can be proud to live.

# TRANSFORMING NATURE

Creating beautiful places with habitats that help with more nature than when we began.

Helping people to reach their potential through supported by the Berkeley Foundation.

We transform underused sites into exceptional places and we're also transforming the way we

experience and create high-quality homes that

delight our customers.

out how we will achieve this.

# PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Kidbrooke Village.

# NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens - these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to creating a net biodiversity gain on our developments. Within and around Kidbrooke Village, we have created natural habitats that encourage wildlife to flourish. We are working with London Wildlife Trust & HTA Design Ltd to engage residents in the natural landscapes that we have created.

# WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

# WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

# **ENERGY EFFICIENCY**

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and the majority of kitchen appliances are A++/A+/A rated.

# NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

# **CLEAN AIR**

It is hard to avoid polluted air, particularly in our cities. Throughout Kidbrooke Village we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

# SUSTAINABLE TRANSPORT

We provide cycle paths, secure cycle parking and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

### STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with the managing agent and residents to ensure the development remains in pristine condition.

# **FUTURE-PROOF DESIGN**

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.
