### Description

This is a traditional self-contained building typical of the 18th Century which is typical of the Village High Street.

Wrotham is a popular and historic village on the Pilgrims' Way, at the foot of the North Downs designated as an area of outstanding natural beauty - offering some delightful country walks. It is one mile north of Borough Green and approximately five miles east of Sevenoaks. Its position between the M20 and M26 motorways provides easy access to London, the M25, the coast and Ebbsfleet International. It has a highly rated primary school, local shop and popular public houses/restaurants. Borough Green/Wrotham station is about 1 mile to the south with good commuter services to London Victoria and London

The building features a traditional timber and glass bay and half bay shop window display and a double, partially glazed front entrance door which facilitates access from the High Street. The ground floor is arranged as a large reception and front office. A further large kitchen off an entrance area and downstairs wc. Access is given from the rear of the ground floor to a partially covered courtyard style garden that can also be used for parking options.

The staircase are situated to entrance to the building and leads to the first of two floors above. The large landing forms a useful space in itself and offers access to a further kitchenette and wc to the rear. Three rooms make up the rest of this floor ranging from a good sized room to the front with a slightly smaller room with the same orientation plus a further room overlooking the rear. Centrally to this floor is a further room of double height containing a dog leg staircase leading to the second floor.

This entails the largest of rooms available with a window and one of the feature fireplaces dotted around the property and has a sash window overlooking the front. A further walkway leads out to the rear where another good sized room is offered.

Throughout the property although in need of attention the property offers great character features including beams, original floorboards and a mix of sash encasement and mid century windows.

#### Measured Areas

The accommodation has been measured in accordance with RICS Valuation Standards and comprises a total area of approximately 1943 square feet (180.5 square metres) net internal area.

#### Town Planning

Following the passage of the Use Classes Order (2020) the Use Class for the building is now Class E (Commercial) which allows the property to be used for Retail, Financial and Professional Services, Medical or indeed Office purposes as it is currently.

We understand that planning would look favourably upon a change of use to residential if required although consultation and plans would need to be discussed with Tonbridge and Malling planning department and consideration of its grade II listed status. Ibbett Mosely and partners would be happy to

help on this matter and have a department that deals with planning and development.
