Description

Approached via Private Road in a popular area of West Kingsdown is this beautifully presented bungalow. A large block paved drive for multiple cars is included plus double gates to an extended drive to the double garage and workshop situated at the rear of the garden. Positioned centrally into the bungalow is the welcoming entrance hallway, that navigates in a U shaped way around the accommodation giving access to all areas including a good sized storage cupboard. The property is laid out with the living space to the rear and at the end of the hallway is the sociable very modern kitchen dining living space that links into the bright conservatory, recently added with underfloor heating. Designed to be the main hub to the house and where most people gather to spend the day making the most of the outlook to the garden beyond. A separate utility room houses all the noisy white goods and offers up access to the garden down the side of the property, a must have with a busy family. A 24ft Lounge in addition to the kitchen

offers an alternative space to chill out with a fantastic brick feature fireplace housing a stove to spend the cosy evenings and those days when the weather prevents activity. The family have spent some great Christmas's together. French doors connect this room to the sociable patio linking all the rooms to the rear for the warmer months. To the front and side are four bedrooms, all doubles and finished to a high standard as is the family bathroom and ensuite. The principle bedroom to the rear also benefits from a walk in wardrobe and French doors connecting to the garden, ideal for the warmer days and letting air into the room.

The garden is a great size and benefits from defined spaces with a large patio immediately connecting the house and large lawn with nature pond, spaces for the kids and grand kids to play and a very productive veggie garden towards the rear. As previously mentioned the drive extends down one side of the garden leading to a larger than double garage and workshop to the rear with side store. Well used by the current owner looking after and refurbishing classic cars. However this also will present an opportunity for those looking for independent living areas, subject to planning and or change of use building regulations this has lots of potential to become further accommodation and is certainly big enough to provide a good sized annexe.

It is rare that all the benefits of location and property come together to offer a full solution but we truly feel this could be the answer to a good number of buyers needs and we cannot wait to show you round this fantastic home.

There are four churches in the village: the parish church of St Edmund King and Martyr; West Kingsdown Baptist Church; the Roman Catholic church of St Bernadette; and Kings Church, an Evangelical church established in 1996.

The closest National Rail stations to the village are Eynsford and Kemsing, each located 4.6 miles away and Borough green a little further to the South and offers links to the City via Charing Cross and West End via Victoria.
