There is a beautiful kitchen with a good range of wall and base units and marble tops as well as an island.

The lounge/diner is open plan and is of a good sized and feels very light and airy with the abundance of windows. There is a pellet stove which makes it very warm and cosy on those short Cypriot winters.

There are two downstairs double bedrooms. Both have wardrobes, air-conditioning and large patio doors out onto the side terrace. They also have underfloor heating.

There is a large family bath/shower room with walk-in shower, WC & basin.

Upstairs is the lovely master bedroom is large with has no less than five windows! Every window is like a picture frame which takes in the stunning views.

There is also a huge 39sqm roof terrace which is a fantastic space with 360 degree views of the Besparmak mountains and the Mediterranean Sea. You have your very own jacuzzi/hot tub as well as a pagoda, such a lovely area.

Exterior

This is extremely well presented and no expense has been spared. As you enter through the gate, your eyes are drawn to the 8m x 4m swimming pool.

There is a lovely natural stone wall around the boundary and the garden has a good selection of tropical trees and shrubs. There is no shortage of terraces or covered areas, you really are spoilt for choice. You have a separate secure storage room as well as a lovely pagoda and a car port.
