Property Description

This generously proportioned property has been well maintained throughout the current owners' period of ownership, providing prospective buyers with a beautifully maintained home. Ingress via secure door entry to the common close provides a beautiful backdrop to this wonderful property, with ceramic floor tiling and two tone painted walls setting the tone. Security storm doors cover the etched plate glass door which allows access to the large open space downstairs hall leading to all principle apartments. Light and bright with matte cream walls and oak laminate flooring, this decor theme largely continues throughout the property. High ceilings, cornices and ceiling roses feature heavily, further showcasing the munificent dimensions this unique abode has on offer.

To the rear, a large dining kitchen with fully equipped utility room off, has been planned and installed with care and attention to detail, with wall and floor cabinetry in country white topped with light speckled laminate worktops and navy tiled splashback. A stainless steel double sink, mixer tap with matching electric oven and gas hob and space and servicing for a free standing larder fridge freezer ensures the cook of the house has all the modern appliances they need to showcase their skills! The large picture window floods the space with natural light with porcelain floor tiling combining to add to the linear sense of space - there is also bonus ample room for a dining table for eight people. The utility is fully furnished with space and servicing for a washer/dryer, sink and storage space.

The back door to the property off the utility, provides access to the hidden gem sun patio - a peaceful haven in the centre of town that is both secluded and completely secure.

Fully tiled with cream stone flags and surround walling, this tranquil elevated spot catches the sun throughout the day and is an ideal place for alfresco dining and entertaining.

To the front, the living room has large bay windows and a traditional marble fire surround housing the electric fire. There is plentiful space for modern lifestyle furnishings and is fully serviced with cabling for satellite t.v. The neighbouring room is currently utilised as a dining room by the current owners - such is the versatility of the space, this could easily be a third bedroom, with the useful addition of a shower room adjacent which comes fully tiled in neutral tones and fitted with corner cubicle and matching white sanitary ware complete with thermostatic power shower.

Upstairs there are two large double bedrooms - one to the front and one to the rear, both with large picture window formations and carpeted in matching deep pile navy. Both rooms have unique eaves storage - perfect for modern lifestyles! There is a boxroom adjacent which the vendors use as a study but could be adapted to an en-suite or walk-in wardrobe for the front bedroom. A family bathroom completes the accommodation, with light white wall tiling and washed pine dressings further adding to the look and feel of a sanctuary - the ideal place for a relaxing soak after a long day!
