Special Features

The house backs on to a local park, 'Millview Meadows Park', known locally/colloquially as 'Teletubbies Park'.

The front drive is just 11 metres from the only main entrance/pathway to this Park, the other side of the house next door.

The house is fitted with 4-Camera CCTV (to remain), with Hard Drive Recording.

BT currently feeds Full Fibre Broadband directly into the property (underground), but other providers/cable networks are available.

Two Separate Mains supplies feed the rear garden and both Sheds. One of these feeds can be placed on a timer for lighting etc. This garden power is isolated at the main House Supply Box, but is also protected by a secondary Isolator/Trip.

The Log Burner (located in the Snug, part of the kitchen area) is rated 5kw, was fitted and certified by a local company, and each year the flue is cleaned and the burner fully checked, with an annual certificate issued to support the tests.

Both the En-Suite and main Bathroom have Devi underfloor electric heating, with digital controllers.

The integral garage is 2.55m wide and 4.7m long, internally.

The house is fitted throughout with LED lighting to minimise energy consumption.

Rochford town square is around 200 metres walk from the house, (a short cut through a pathway with street lighting) where both No.7 and No.8 bus routes from Rayleigh to Shoeburyness, Via Southend, stop.

Rochford is on the main rail line from Southend Victoria to Liverpool Street Station, London.

The Loft is 85% boarded with the excess loft insulation being used to insulate around the edges, and the loft has an access ladder and mains power/lighting.
