Hereford 16 miles, Gloucester 16 miles, Worcester 16 miles approx.

The town centre boasts a wealth of historic timbered properties particularly around the church including the prominent Market Hall and the area is popular with tourists coming to the close by Malvern Hills and Eastnor Castle, Hellens Manor, Three Counties Vineyard to name but a few.

The Property

Leadon House is a fine example of a beautifully restored and refurbished Edwardian Gentleman's residence with its origins from Victorian times. The property has many character features including impressive original fireplaces, picture and dado rails, ceilings roses, tiled floors and stained glass and has been decorated in period colours. The gardens surrounding the property have been landscaped with a pretty courtyard garden and further main gardens with many unusual flowering plants, shrubs and trees giving peaceful and attractive seating areas.

Leadon House has been operating as a successful bed and Breakfast/small hotel since the current owners took over in 2008 and has a separate self contained ground floor two bedroom Coach House perfect for self catering accommodation or as a letting unit or annexe for elderly/dependent relative. The property is also licensed to serve non resident dinner guests. The current owners are now looking at retirement and Leadon House could offer a rare lifestyle opportunity to continue and build the business with many fixtures, fittings, furniture and furnishings being available by way of separate negotiation. The property would also be suitable for a number of other income producing opportunities subject to obtaining any necessary consents or as a fine family home with the Coach House and Hay Loft capable of providing a very useful letting income or equally could be used as officing etc.
