

Apartment 2, Queen Anne House

Bath, BA1 2NE

Exemplary residential conversion of this Grade II Listed Charlotte Street property into six luxury apartments and a unique townhouse

Situation

Situated in the heart of the City of Bath, Queen Anne House is an exceptional development by Bath based ORM Developments, perfectly designed and situated for those who desire convenient city living in this historic location.

Bath Spa train station is approximately 0.6 miles from the development and provides a regular half hourly train service into central London with journey times approximately 1hr and 30 minutes. As you would expect there are also a range of amenities including supermarkets, cafés and a plethora of independent retailers nearby..

History

The property is Grade II Listed and located within the UNESCO World Heritage Site. The building was originally designed as a Moravian Chapel dating from 1844-1845, attributed to James Wilson, who designed many prominent buildings in Bath including 24 Milsom Street, Kingswood School and the Royal High School. Latterly it became the Church of Christ Scientist until it was converted into offices in 1986. It will now have a new lease of life as this unique residential development.

The Development

The development is split over four floors. All apartments benefit from high ceilings and large windows providing plenty of natural light. Each apartment has been meticulously designed to utilise every square metre of space effectively and offer a combination of historic elegance and contemporary modern living. Apartment 2 is located on the lower ground floor level of the development and benefits from a courtyard garden, two double bedrooms, elegant bathroom and open-plan kitchen, dining and living space. Secure bicycle storage is also available to the rear of the property.
