Greenhills is a well appointed and modernised detached bungalow, thought to have been constructed during the 1950s.

Under the current ownership, the property has been superbly updated and partly reconfigured in creating light and bright accommodation, with a particular feature being the open plan living kitchen area which is the central space and hub of the home with a feature vaulted ceiling and sliding doors onto the rear garden.

The property is set in mature secluded gardens (facing South at the rear) in a quiet private cul-de-sac within just a few minutes level walk of the beach and village shops.

There is the added benefit of driveway parking for two vehicles, with the rear garden being particularly private.

The picturesque West Dorset village of Charmouth features unspoilt coastal scenery (much of the coastal area belongs to the National Trust) and extensive beaches. There is a selection of local shops, an excellent primary school, doctors surgery, 2 pubs, library, parish church etc. Lyme Regis is only approximately 2.5 miles away to the West and Bridport some 6 miles Eastward.

The village is situated on the 'Jurassic Coast' which was awarded World Heritage Site status by UNESCO in 2001.

OUTSIDE

Meadow Way is a popular and private residential cul-de-sac of a dozen or so properties, positioned within easy and level walking distance of local amenities and the seafront. The property is approached from the private road via the driveway, affording parking for two vehicles, and the garage, as well as a pathway which also provides side access to and from the rear garden. The front garden is mainly laid to lawn with planted shrub beds, screened by high hedging, whilst the rear garden is again mainly laid to lawn. There is a pond to one corner, and timber shed to the side, with a pathway to the rear of the garage with access via a pedestrian door. A raised timber decking area can be accessed internally from the kitchen area of the property, with a further patio seating area found to the other side of the garden which can also be internally accessed from the living area. The rear garden is enclosed by a combination of high hedging and timber fencing.
