## 34-36 High Street

Town Centre, Warwick, CV34 4BE

Commanding a prominent central location within the heart of the highly sought-after historic town of Warwick, stands this pair of imposing Grade II listed townhouses currently linked to provide commercial premises for a long-established firm of solicitors in the town.

These handsome circa early 19th Century buildings subject to planning consent, could be converted back to offer two superb town centre homes boasting versatile accommodation rising over three floors which total approximately 6,400 sq ft, each with cellars and accompanied by self contained mature gardens along with two Freehold allocated parking spaces situated to the rear of the properties off an adjacent road.

### Internal Accommodation

The full living space rising over three levels can be seen on the floor plan layouts which are provided for guidance purposes only, and in which all floor areas extend to approximately 594 sq m (6,400 sq ft in total) which includes the cellars.

### Externally

Both properties enjoy enclosed walled patio and lawn gardens areas with north westerly facing aspect.

### Services

The services connected include mains gas, water, electricity and mains drainage to both properties.

### Planning

From a pre-application enquiry with Warwick District Council the conservation and change of use from offices to residential is likely to be supported by the local authority. A pre-application enquiry was made in 2020 for the conversion and change of use from offices to two dwellings, and Warwick District Councils recommendation was "likely to support subject to amendments".

### Tenure

The properties and single parking spaces will be sold 'Freehold' but with vacant possession.

### Location

The properties are situated in a prime location on the main high street a short distance from the historic building of the Lord Leycester Hospital with further historic landmarks such as Warwick Castle a short distance to the south of the properties. The town centre boasts an abundance of local amenities, shops, restaurants and coffee houses along with excellent highly rated Ofsted schooling at all levels.

Immediately to the west of the town centre junction 15 of the M40 links the property to Birmingham and London centres of commerce, whilst the A46 provides excellent links to Stratford-upon-Avon and Coventry city centre. To the east of the town a mainline railway station provides access to London Marleybone and Birmingham Snowhill.
