9 Stevenson Place

Lasswade, EH18 1JZ

Fixed Price £285,000

Outside

The property's idyllic setting in the North Esk Valley is surrounded by woodland and is adjacent to the River North Esk and the Springfield Mill Nature Reserve. Externally the property enjoys low maintenance front and rear gardens. The rear garden offers a decked sitting area and a handy shed providing additional storage.

Living Room

The generous living room is bathed in natural light and further benefits from neutral décor and wooden flooring to ensure a high level of finish. Set to the front of the property the living room offers excellent proportions for relaxation and entertaining.

Kitchen

A stunning feature of the house is the exceptionally spacious kitchen featuring a luxurious Rangemaster, vast cupboard storage and worktop space. The contemporary kitchen boasts a plethora of modern wall and base units complimented by stunning granite worktops and offering plentiful space for dining options.

Dining Room

Set to the rear, adjacent to the kitchen is the dining area which provides the property with an additional layer of flexibility as it can also work perfectly as a secondary reception area. The dining room benefits from modern décor and wooden flooring while giving direct access to the rear garden via the patio doors.

Bedroom One

Set to the rear of the property is the first of the generous double bedrooms. Finished to a high standard with fresh décor and carpeted flooring while enjoying a peaceful, leafy outlook towards the back garden.

Bedroom Two

Again set to the front of the property is the second sizeable double bedroom which features convenient storage wardrobe, neutral fresh décor and fresh carpeted flooring.

Bedroom Three

The third of the double bedrooms is set on the ground level and again benefits from ample floor area with modern décor, carpeted flooring and an elegant en-suite shower room featuring a floor-to-ceiling wet wall tiling and vanity unit wash hand basin.

Bedroom Four

Offering further flexibility to the property the fourth bedroom can also be used as a nursery or work from home office. Located to the front of the property on the first floor with a pleasant outlook across the cul-de-sac towards Springfield Mill.

Bathroom

The stylish bathroom is set on the upper level, and features modern wet wall panelling surrounding the wet area that include bath with overhead shower, vanity unit wash hand basin, WC and chrome effect heated towel rail. The opaque window provides excellent natural light while maintaining privacy.

Disclaimer: Floor plan measurements are approximate and are for illustrative purposes only. While we do not doubt the floor plan accuracy and completeness, you or your advisors should conduct a careful, independent investigation of the property in respect of monetary valuation. No liability is accepted by the agency as to the exact measurements of the rooms.

MONEY LAUNDERING REGULATIONS 2003

intending purchasers will be asked to produce identification and proof of financial status when an offer is received. We would ask for your co-operation in order that there will be no delay in agreeing the sale.

You can use this document to:

- Compare current ratings of properties to see which are more energy efficient and environmentally friendly
- Find out how to save energy and money and also reduce CO₂ emissions by improving your home

Estimated energy costs for your home for 3 years*

£3,990

See your recommendations report for more information

Over 3 years you could save*

£186

* based upon the cost of energy for heating, hot water, lighting and ventilation, calculated using standard assumptions

Very energy efficient - lower running costs

Current	Potential
75	85

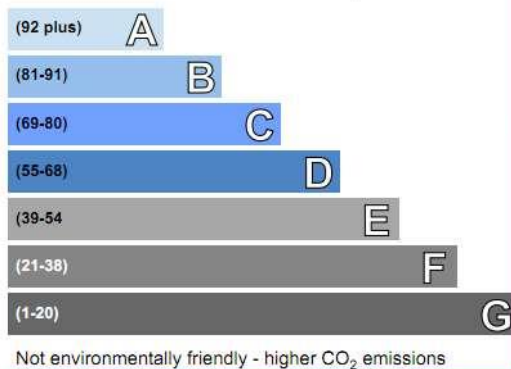

Energy Efficiency Rating

This graph shows the current efficiency of your home, taking into account both energy efficiency and fuel costs. The higher this rating, the lower your fuel bills are likely to be.

Your current rating is **band C (75)**. The average rating for EPCs in Scotland is **band D (61)**.

The potential rating shows the effect of undertaking all of the improvement measures listed within your recommendations report.

Very environmentally friendly - lower CO₂ emissions

Current	Potential
73	83

Environmental Impact (CO₂) Rating

This graph shows the effect of your home on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating, the less impact it has on the environment.

Your current rating is **band C (73)**. The average rating for EPCs in Scotland is **band D (59)**.

The potential rating shows the effect of undertaking all of the improvement measures listed within your recommendations report.

Top actions you can take to save money and make your home more efficient

Recommended measures	Indicative cost	Typical savings over 3 years
1 Solar water heating	£4,000 - £6,000	£186.00
2 Solar photovoltaic (PV) panels	£3,500 - £5,500	£1569.00

A full list of recommended improvement measures for your home, together with more information on potential cost and savings and advice to help you carry out improvements can be found in your recommendations report.

To find out more about the recommended measures and other actions you could take today to stop wasting energy and money, visit greenerscotland.org or contact Home Energy Scotland on 0808 808 2282.
