Location

Great Yarmouth has a residential population of 93,400 and a population of 205,000 within half an hour travelling time. The town is the third largest UK seaside destination and it also adjoins the well known Norfolk Broads National Park.

Great Yarmouth is a major employment area with a strong manufacturing and warehousing base and a busy seaport with deep water outer harbour serving the offshore oil and gas industry.

The area has been enhanced in recent years by a steady programme of road improvements which have provided a vastly improved road link to London, the industrial centres of the Midlands and the North. A third river crossing (Herring Bridge) has now been completed.

The property is located to the east side of Northgate Street, close to the junction with Fuller's Hill. The property has the benefit of being within an attractive Conservation Area of heritage buildings including St Nicholas Church and Fishermen's Hospital.

Description

The property has for many years been used as a shop (previously St John's Ambulance), although in the future would suit a variety of retail, office, restaurant or other uses (subject to any necessary consents).

The building comprises a mix of ground floor commercial and with a separate ground floor entrance to a two bedroom apartment over the two floors above.

The commercial part has a prominent frontage and with a front retail area with rear stores area accessed both from the front area and also a side roller shutter (electrically operated). Within the rear part is a staff WC and access to a cellar area (not measured).

The self contained residential part has a ground floor entrance to the side and with well proportioned front lounge and kitchen with side elevation at first floor level and two good sized bedrooms and a shower room at second floor level.
