Blundells Farm

In an exceptional setting high in the Chiltern Hills, Blundells is a traditional brick and flint cottage surrounded by its own gardens and paddocks with a stunning detached barn, garaging and workshop.

The house is very well maintained with a traditional farmhouse kitchen with wall and floor units, AGA, dishwasher and fridge/freezer. The double aspect kitchen has a charming window seat built into the bay window and a door to the sun terrace. In the oldest part of the house is the cosy sitting room with exposed beams and inglenook fireplace with wood burning stove. There is a formal dining room and a family room with wood burning stove.

Upstairs, there are three bedrooms, all of good size, one en-suite and a family bathroom. There is also a small nursery or study. All of the rooms have superb views over the gardens, to the fields beyond.

The Old Barn

The detached barn is a wonderful old building, carefully restored to show the lovely honeyed timbers with a glazed gable end to make the most of the views across the pond and garden. The ground floor has a stunning vaulted reception room with a unique terracotta coloured kitchen at one end. There is a modern bathroom and stairs rise to the mezzanine which looks down over the ground floor. Secure timber barn doors protect the glazing but can be opened up when required. This is a great space, perfect for working from home or as a party barn.

Outside

From the lane, the gravelled driveway has parking for 4 cars. There is a separate gated entrance which leads to the detached garage. This is a substantial building with a large workshop, open car port and double garage, all with water, power and light.

The gardens are well-established and surround the house ensuring day long sunshine. There are mature flower beds, full of English Cottage garden perennials, and a fine south-facing terrace to take advantage of the afternoon sun. There are two fenced paddocks, once accessed from the garden and one with a five-bar gate to the driveway, suitable for lorry access. The gardens and grounds amount to just over 2.7 acres.
