Price Guide £475,000

Silverman Black is delighted to offer this beautifully presented two bedroom terraced cottage located in a quiet Victorian quarter, less than 10 minutes walk from Hackbridge BR station and the shopping facilities of the village centre. The property has been meticulously maintained both inside and out - the front brickwork of the house has had a chemical wash and has been repointed - so looks amazing - with the inside of the house being of a similar standard with authentic period colour schemes being used by the current owners. The cottage affords excellent accommodation which has been extended on the ground floor and now comprises two separate reception rooms, a self contained kitchen, a downstairs WC and a wrap-around conservatory style "day room" on the ground floor, with two double bedrooms and a generously proportioned bathroom on the level above. Outside there is a small ornamental garden to the front, whilst to the rear there is a good size, easy maintenance back garden which enjoys a sunny southerly aspect and also incorporates two large sheds. Other benefits include gas central heating to radiators, double glazing and a large loft, which would offer great potential for a further bedroom/bathroom (STPP). In terms of local facilities, Hackbridge village centre is five minutes walk away (0.25 miles) and offers a good selection of local shops including a recently opened Lidl superstore, whilst the local BR station affords access to London Victoria and The City via Clapham Junction in around 25 minutes. Mitcham Junction Tram Station is about 15 minutes walk away (0.75 miles) giving access to the Wimbledon - Beckenham tram route, via East Croydon and Bromley. Local schooling is also excellent with the new Hackbridge Primary School campus just a few moments walk away - whilst there are five Grammar Schools and some exceptional primary & secondary schools within a four mile radius. Viewing of this charming and characterful cottage is highly recommended! Book today!
