## WHAT'S GREAT?

“WOW Factor” This incredible, unique property has been completely transformed and finished to a beautiful standard all throughout. The property was no more than a shell, and garden an empty mound when taken on by the current owners, however with a complete refurbishment this property has been completely transformed, to create a beautiful family home which flows with functionality all throughout, and the garden is a unique piece of paradise with a different offering on each different level- to include two flat gardens, one to the bottom – one to the top, with a garden room (currently gym) and patio to the middle and all the inbetween.

This property is a masterpiece and certainly has that intangible ‘wow factor’. As soon as you enter the front door through the oak-wood porch, you are greeted with a feeling of space and quality which continues all throughout the house.

The property is flooded with natural light, and finished to a modern-neutral spec. To the ground floor there is the stunning kitchen/diner which offers a host of appliances, plentiful

storage, and a great entertaining space, this seamlessly flows out to the garden through the bi-folding doors. There is also a utility room with further storage and a sizeable WC too. The lounge is the perfect hub of this home, again full of natural light with a warm and comforting feel.

Upstairs there is 4 bedrooms, all of which at least double in size and all with built-in wardrobe options. The master bedroom features a walk-in dressing area as well as an ensuite. The family bathroom is beautifully finished and features both separate shower and bathtub.

There is a garage with internal access, and plentiful off road parking for multiple cars.

The property resides within the charming village of Gretton, a well facilitated and highly sought after village which overlooks the picturesque Welland Valley.

# SELLER'S SECRET

This has been a fantastic family home for us, and is sure to be for the next owners! We spend so much time in the garden, it's such a unique space. The house would work well for a family given the size of the rooms.

## Why we like it....

WOW! This excellent property is a must see. The house offers space and a quality finish all throughout. It works well as a family home and is incredibly functional. The garden room is currently a gym, but could be used for multiple purposes.
