The property comprises a well-maintained two-bedroom ground floor apartment situated within a purpose-built development in the sought-after South Cliff area of Scarborough, a short distance from the Esplanade, Clock Tower and Italian Gardens. The building is of traditional red-brick construction beneath a pitched roof and contains six flats in total.

Access is via a communal entrance hall with staircase to the lower ground level for bin storage and rear access to the garages. Flats 1 and 2 are located at ground floor level. There are 6 flats total in the block.

Internally, the accommodation is arranged from a central entrance hall and includes a dual-aspect lounge with feature fireplace and gas fire, together with an adjoining dining area. A newly fitted kitchen provides a modern range of wall and base units with roll-top work surfaces, ceramic hob, electric oven, extractor, enamel sink and drainer, space for appliances, and a cupboard housing a recently installed gas-fired combination boiler (10-year guarantee).

There are two bedrooms of good proportion, each with fitted wardrobes, and a bathroom appointed with a low-profile bath, shower over, low-flush WC and wash hand basin. The apartment has recently been redecorated, with new floor coverings, double glazing and gas-fired central heating throughout.

Externally, the development stands within communal wrap-around gardens laid mainly to lawn with mature shrub borders. The apartment benefits from an integral tandem garage (9.60 m × 2.80 m) with up-and-over door, power and light, and access from Belvedere Place.

A maintenance agreement, presently administered by Nicholsons Estates, is understood to be in place at a current annual cost of approximately £800, covering buildings insurance, garden maintenance, and cleaning and lighting of communal areas.
