This is a unique opportunity to acquire an attractive Victorian detached villa in the heart of Lenzie. This property, which has been in the same family for sixty years, requires a degree of modernisation, giving the buyer the opportunity to reconfigure to suit their own requirements. There is potential to extend, subject to local authority planning constraints.

Many period features have been retained, including decorative cornicing, internal door panelling, sash and case windows (with double glazing), original marble fireplaces, fully functioning wooden window shutters, Victorian cast-iron radiators, encaustic tiles in the porch and decorative glass in the front door.

Currently, the accommodation comprises entrance porch; reception hallway; two spacious, south-facing and high-ceilinged reception rooms to the front (both with focal marble fireplace surrounds); a downstairs double bedroom overlooking the back garden, also with a marble fireplace; a formal dining room; a custom-built Scottish oak kitchen, with a door and steps to the back garden; and a wet room. There are original Victorian presses, in all the downstairs rooms.

On the upper level there are two sizeable double bedrooms and a smaller single bedroom with a window to the front. The main bathroom is also accessed from the upstairs landing. The two double bedrooms have fireplaces and attractive arched windows to the side as well as Velux skylights. The house has a large and private walled garden looking towards the Campsies. It has a wide variety of plants, shrubs and trees, and would be a delight for any gardener. There is an orchard with apple, pear, plum and damson trees and hundreds of daffodils, soft fruit bushes, a herb garden, flower borders and a greenhouse. There is also a paved terrace in a sunny spot. The garden is a tranquil place for relaxing and entertaining and is fully enclosed, so that pets or young children can enjoy it safely. There is ample space to turn cars at the side of the house.
