STEEPLE VIEW, 38A HIGH STREET, BOTTESFORD, LEICESTERSHIRE NG13 0AA

Steeple View is a remarkable detached residence, thoughtfully designed and offering surprising spaciousness, situated on a beautifully landscaped plot in a sought-after Vale of Belvoir village. Built in 1998 by previous owners, this custom-built home provides approximately 2200 sq ft of flexible living space, excluding the large attached double garage. The layout is primarily on the ground floor, with an additional bedroom in the eaves with en-suite shower facilities - perfect as a master suite, guest room, or teenage hideaway.

This home was created with meticulous attention to detail, overseen by Julian Owen Associates Nottingham, ensuring exceptional construction quality. Built with brick elevations and topped with a pantiled roof, the property features generous ceiling heights, specifically designed to accommodate Long Case Clocks. A notable highlight is the handmade Pope & Parr double-glazed hardwood timber casement windows, many of which feature custom-designed leaded and stained glass. Inside, the Vicaima doors, some with bevelled glass panels by Pope & Parr, include half-glazed options and a fire door leading to the garage, offering both elegance and privacy.

The interior presents a well-planned layout that will appeal to both families and those downsizing from larger homes. The single-storey design offers ease of access while still providing ample living space. The accommodation includes a spacious reception hallway with a Study / Playroom / Home Office room... a generously sized dining kitchen and a utility room, two main reception rooms, a conservatory, four double bedrooms (including an en-suite to the first-floor bedroom), a Jack & Jill ensuite shower room arrangement to two of the bedrooms, a separate family bathroom and an additional W.C.
