DESCRIPTION AND SITUATION

The sale of White Eaves represents an extremely rare opportunity to purchase a substantially larger than average, individually designed, detached bungalow standing on an impressive plot of approximately 1 acre along with a grass paddock extending to approximately 2.73 acres or thereabouts.

The property enjoys a prime location. This section of Coxmoor Road has long since been considered to be one of the most desirable, residential locations in the District and is characterised by superior quality, individually designed homes in an elevated position taking excellent advantage of far ranging views to the South West.

This particular home provides generous living accommodation complemented by four double bedrooms and three bath/shower rooms.

The property has a much wider than average frontage and is accessed by means of electrically operated gates with ample off street parking for several vehicles. Importantly, there is a wide driveway running down the right flank of the bungalow to give vehicular access into the rear gardens/paddock - an extremely useful facility given the size of the plot.

The property gains good access into both Sutton in Ashfield and Mansfield with all of their facilities and is well placed for easy, vehicular access to the main road networks leading to the City of Nottingham.

Only by internal inspection can the true size and appeal of this rather special home be fully appreciated.
