DESCRIPTION AND SITUATION

The sale of this rather special, traditional Victorian town house will be of immediate interest to the more discerning first time buyer or working couple looking for a starter home that combines traditional space and character with modern amenity.

The property has been maintained to a high standard. It has been modernised in sympathy with the original Victorian design. The result is a home that is both practical, stylish and a ready made home.

Interested parties should note that the front bedroom is considerably larger than average. It features two windows and has the potential to sub divide to create a third bedroom if required.

The property has attractive, essentially low maintenance gardens at the rear. It is situated within a popular, established residential location and gains good access into Mansfield town centre with all of its facilities.

An early inspection will not be regretted in this we recommend without hesitation.
