DESCRIPTION AND SITUATION

The sale of this traditional town house will be of immediate interest to the speculator or investor looking for a "property with potential" offered at the right price.

The property requires some general upgrading to add value and this has been adequately reflected in the asking price when due consideration is given to the values that fully modernised properties in this area command in today's market.

Extra room space, privacy and economy are gained from two separate reception rooms and there are three bedrooms on the upper two floors. The property has the benefit of a right to pass and repass over the whole of the yard at the rear of no. 66 to 70 and 78 to 82 Blackwell Road which could provide potential off street parking/garage space in the rear gardens.

The property gains good access into the centre of Huthwaite where there are various shops catering for everyday needs and is a short distance away from a local primary school on Common Road.

Huthwaite comprises a predominantly residential catchment area of Sutton in Ashfield. Sutton in Ashfield is a large township offering a good range of leisure, shopping and schooling facilities.

The property gains excellent, vehicular access onto the A38 which, in turn, leads to both Mansfield and Junction 28 of the M1 Motorway.

The property is in an area where there is high demand for rented accommodation. Demand for rented accommodation in the area exceeds supply. The property, therefore, has excellent potential for the rental market once improved.
